EXHIBIT "A"
GANN APPROPRIATIONS LIMIT - FISCAL YEAR 2023-2024

Article XIII B of the California State Constitution, commonly referred to as the Gann Initiative or Gann Appropriations Limit, was adopted by California voters in 1979 and placed limits on the amount of proceeds of taxes that state and local governmental agencies can appropriate and spend each year.

The limit is different for each agency and changes each year. Each year's limit is based on the amount of tax proceeds that were authorized to be spent in the base Fiscal Year 1978-79 in each agency, modified for changes in inflation and population in each subsequent year. Inflationary adjustments are, by law, based on increases in the California per capita income or the increase in non-residential assessed valuation due to new construction. Population adjustments are based on city population growth or county population growth. The annual adjustment factors used in making this calculation are the cost of living adjustment - CPI based on the percentage change in California per capita income and the population adjustment based on the annual population change for the County of San Bernardino.

As established by the following calculations, the City of Loma Linda's appropriations limit for Fiscal Year 2023-2024 is \$62,931,199. The difference between the appropriations limit of \$62,931,199 and the proceeds of taxes subject to the appropriations limit of \$12,507,945 as set forth in the Fiscal Year 2023-2024 Proposed Budget is \$50,423,254. Therefore, the City is \$50,423,254 under its appropriation or "Gann" limit.
